# Google Dorking

By: The 3 dorks

# What is Google Dorking

Google Dorking is a more advanced way to search through google.

Search Operators:

- site: returns from a particular site
- filetype: returns by extension (i.e filetype:pdf)
- inurl: returns by string match in the url
- intext: returns by string match anywhere in the text
- ( | ) boolean 'OR'
- ( * ) any word (wild card)

# The Basics

The symbols

- + symbol results in phrases included
  - Example: "mankato +security"
- - symbols results in phrases excluded
  - Example: "mankato -security"
- | symbol results in OR logic
  - Example: "mankato + inurl(security | sports)"

# Why is it important

Google Dorking can be used as a passive attack.

Based on your knowledge, Google dorking can be a powerful tool to find information that isn't supposed to be available online.

https://www.sans.org/security-resources/GoogleCheatSheet.pdf
